To Whom It May Concern, Drivers that have become

We are OTR Truck

very dependant on our Satellite Radio. The money we pay for this service is well spent as we can depend on having up to date news, weather and entertainment 24hrs/day without losing a station or fumbling with the radio to find a clear channel with something interesting on it. Once the receiver is programmed you only have to touch a button & you are able to enjoy your program from coast to coast, something you are unable to do with standard radio programs.

Please don't take this away from us.

Thankyou for your time.

Mr. & Mrs. Getz
